

COPY OF EMAIL SENT FEB 17 TO SCHOOLS REGISTERED FOR 2022 EVENTS

(If you didn't receive this, it was likely filtered into your junkmail or rejected by your server. Please add admin@gripleadership.co.nz to your safe senders list so that you receive future updates).

Dear <Name>,

Your school is registered for our conference, but the event size won't be permitted to proceed within the red level restrictions that are in place. As such, all conferences scheduled for term one **have been postponed**.

It is likely that the next events will be postponed to new dates in June 2022. We are presently seeking further advice from the government, so that we don't need to postpone the date multiple times. You will be contacted via email to this email address once we have information for you about the rescheduled date, including other options (ie credits and refunds) if you cannot attend the rescheduled date.

ACTION REQUIRED: For now, we kindly ask you to please acknowledge receiving this email. The easy way to do this is by filling out the quick acknowledgement form here: www.gripleadership.co.nz/postpone

We respectfully ask that you refrain from contacting our office, as we have no additional information available as yet. If you believe at any time that you may have missed the next update email you can be assured that we will keep accurate updates easy to find at www.gripleadership.co.nz/corona

Thank you for your understanding and patience as we busily work to re-schedule a valuable experience for your students as you originally intended.

Regards,\

Ronan McGinniss
