You can download an updated 'Final Details Letter' [HERE](#).

To keep it simple, you **do not need to re-register**. Your registration for the original date is automatically carried over to the new date.

ACTION REQUIRED: We ask you to please indicate that your school has received this email by filling out the quick and easy form [HERE](#).

Thank you for your flexibility and understanding. Naturally our own preference would have been to stick with the original plans.

If you do need to discuss a unique situation regarding your school's involvement, please reply to this email and it will come to me personally. Otherwise we will see you on the day.

We promise it will be worth it!

Regards,

Ronan McGinniss
